

HSA 557 : Legal Aspects of Health Service Administration

This course introduces the student to the legal aspects of the U.S. health care system and the governmental structure responsible for administering health services. It also provides an understanding of how current health care reform laws will affect health care administration, health care reimbursement, regulation of health care, and government policy. This course focuses on evolving case law and its impact on the administration of health services in the United States.

Prerequisites

HSA-553 or permission of instructor
