

MGT 561 : Organization Design & Develop

Students explore the utility of organization theory and research for improving organizational effectiveness. Both theory and application are emphasized in addressing the central question of how to design effective organizational systems including communication, decision making authority autonomy and participation, influence models, leadership, and motivation. Approaches to planned change such as quality management will be considered. Students will apply problem solving, systems concepts, and environmental analysis to develop skills in the analysis, planning, and evolution of organizational change.
