

# SCP 555 : Group Processes in School Counseling

Group Procedures in School Counseling provides students with both theoretical and experiential understandings of group purpose, development, dynamics, counseling theories, group counseling methods and skills, and other group approaches. Students will design and implement small-group counseling approaches that promote school success, through academic, career and personal/social development. Over the course of one semester students will meet for a minimum of 10 clock hours in a small-group activity. This planned group requirement is intended to provide direct experiences as a participant in a small group.
