

## SCP 590 : Advanced Practicum/Internship

Students will have an opportunity in their school setting or in a second internship at a different level from their first internship to apply counseling skills and techniques. While serving in the role of a professional staff member, students will have the opportunity to develop and apply specific counseling strategies to effect positive change in their counselee's academic, career, and personal/social development. A counseling tape with a student will be required. Students will be expected to practice counseling skills during the weekly seminar.

### **Prerequisite Courses**
